WORK EXPERIENCE

Web Development Intern
RABLO.in

Feb 2023 - Apr 2023
Pune

- My team works on developing Frontend components for a full stack Ed-Tech Web application.
- Team Lead of the Frontend team of 6 members.
- Technologies used are HTML, SASS, Javascript, ReactJS, MicroFrontend.
- Troubleshooting and debugging front-end issues to ensure optimal performance and usability
- Work to achieve a balance between functional and aesthetic designs. Maintain brand consistency throughout the design process.

PROJECTS

PICT Hostel System - ReactJS, NodeJS, MongoDB, ExpressJS

[Link](#)

- In this project we have used ReactJS for frontend and NodeJS and ExpressJS for generating APIs. We have used MongoDB to store the records of hostel students. Also, for authentication we have used JWT authentication method, that makes our project more secure
- This project will help students to easily apply for leaves and file complaint for some issues
- This project will be going to used by 2000+ students of college hostel

Book IT - HTML, ReactJS, Javascript, CSS

[Link](#)

- Developed a hotel reservation application. It is a front-end project that provides information on the best accommodations and current bargains.
- Implemented HTML,CSS,Javascript for Frontend.
- Used React as a framework.
